

Dear Miss Weston - As there will be no Bell this
year, it will be well to send us a good number of
copies of the Bazaar Gazette - and we are thinking that
it would look better if made up in a small pamphlet
do as to admit of being addressed on the title page
to any person whom you choose so to honour.
our box is not so valuable this year as last - but for
it may be further lessened next year through the
dread of sherry which is spreading through our ranks
- one such lady, whose daughter aided us in former year,
says that she is afraid of you, - that the friends that contact
with American abolitionists is dangerous. - Rochester is
considered safe than Boston by cautious people.

On the other side I pin you the names of a few ladies
to whom Gazettes may be specially directed - and will you
kindly post the enclosed note to Lewis Tappan after securing it
in an envelope. Richard is now quite restored to health, but
does not wish to go so well able for anything as formerly - kindest
Cousin
